Once you login, you will have a list of headings down the left-hand side, complete the following:

To add new members simply click Add Member and complete the details, the main details we require are name/dob/address, these are essential for the individual to receive their welcome pack and be able to enter competition without any further problems. Contact details such as email address and telephone numbers can be added by the athlete at a later date when they receive their login details.

A URN (unique registration number) will be provided as soon as you have added the member, this can be seen in the All Members tab.

Once you have added all the members go onto Pay England Athletics tick the member(s) name you wish to register using the Pay column tick box. Once you have ticked all the members you wish to register click on Pay Online, bottom right hand corner, this will give you the option to pay using a debit/credit card or creating an invoice.

If you wish to make a payment online, please click Yes and follow the online instructions. If you wish to pay by invoice, please click on Click here to generate an invoice this will provide you with a five-digit number.

To print your invoice off go to Order History and go click view in the Remittance Advice column. Please print this off and accompany with a cheque for the correct amount. Alternatively, you can pay via BACS; please send the correct total in via bank transfer putting your club name as the reference.

Once we receive the payment, we will mark the invoice as paid, which automatically registers your athletes.

When you start adding athletes there may be a box that comes up saying an athlete already exists with that name/DOB or that they are registered with another club. If that happens, then the athlete will need to login to their athletes portal and complete the online Change of Club request. I have attached the guide to help the athlete in this process. If you need further help with this then please contact Membership Services on 0121 347 6540 or enquiries@englandathletics.org who will be able to advise you further.

Pay Club Membership

The Pay Club Membership section allows you to manage and keep track of your club’s annual subscriptions.

You can add your own Membership Types and assign different users to different Membership Types, which can include the England Athletics registration fee.

The club can use this section to use the Online Member Payment facilities. Any Membership Type which includes the registration fee which is then paid by the member using the Online Membership Payment feature, will register the member automatically without needing to make a separate payment to England Athletics and moneys will be sent directly into the Clubs Bank Account and England Athletics Bank Account.
Alternatively, if the club wish to record Club Membership payments which have paid to the club. The club then will bank any monies and then arrange any England Athletics registration fees to be sent in.

Online Membership Payments Notes

Clubs must have a valid bank account to register with our provider for the processing of payments.

All club members using the Online Membership Payment must have an active and valid email address to receive the payment request.

Members should be informed of the new membership process before requests are sent as they may be treated as fraudulent emails requesting a payment.

The process requires members to enter credit/debit card details online. Some members may be weary of this process.

A member may only receive one successfully paid payment request per club year.

Before sending payment requests, clubs should audit the Membership Types they have allocated, and which members they have allocated those types to.

If the England Athletics Affiliation fee rises, the Membership Type fee will remain the same which may result in the club receiving less income from the club member.

Clubs should make sure members are assigned the correct Membership Type to ensure the correct fee is being requested from the member.

Incorrect payment request may be cancelled provided the member has not already completed payment of the request.

Any requests that remain unpaid at the end of the affiliation year will be voided.

Q. What can I change about my Club?
A. You can change your “Club Secretary” and “Membership Secretary” by clicking “Club Profile” on the left menu and clicking on the member’s name in the “My Club” section.

If your club has multiple club or membership secretaries, you will have the option to “Resign” anyone of them if they no longer preform the role.

You can set your “Primary Venue”, “Training Times” and club website by clicking on edit next to that item.

“Contact Preferences” and “Census” can be updated by clicking on edit next to them.

Q. Why does the Census update panel keep bothering me?
A. To enable England Athletics to monitor participation levels across the sport and assist in our reporting to Sport England and UK Sport, you are required to submit accurate census information regularly. The system registers when this is last updated and requires you to reconfirm this at specific intervals.

Q. What if the Membership Summary info is incorrect?
A. It means that the system has not yet been given all the information about your “Athletes”, “Coaches”, “Officials” and “Volunteers”. These numbers relate to the people you can see in each section and the “Membership Summary” found in “Club Profile”

Q. How do I find a member at my club?
A. Click on “All Members” on the left menu, then type part of the member’s name in the search box and click the magnifying glass.

You will then be presented with individuals matching that information.

For a more specific search you can click on “Athletes”, “Coaches”, “Officials” or “Volunteers” from the menu.

Q. How do I update what a member does at my club?
A. Click on “All Members” on the left menu to show you all members registered in your club.

You can see what roles they have via the icons representing, “Athletes”, “Coaches”, “Officials” and “Volunteers”.

You can change the roles a person has by clicking on the “Edit Member Role(s)” pencil on the right of the “Roles” column.

From here you can change your member’s Athlete Registration between “Competitive”, “Non-Competitve” or “Not an Athlete” and you can choose from a series of other roles.

Choosing other roles for the member will cause them to appear in the relevant section i.e. “Athletes”, “Coaches”, “Officials” or “Volunteers”
Q. Why are Coaching, Officials and Volunteers separated into different sections?
A. Each of these sections allows you to administer people with these roles easily.

Enabling role specific filtering for each of these roles on “All Members” would make it too difficult to use for many users.

More role specific information can be provided for people in specific groups. E.g. “Qualifications and Licensed status for Coaches and Officials”.

Q. How do I set up Membership Types for my club?
A. Click on “Settings” on the left menu.

Confirm if your club runs its membership annually from a specific date, e.g. Jan to Dec, or April to March.

Next click on “Add Membership Fee”.

Type in the name of the first membership fee type, specify the price of the membership without including the £ but you can include .00 e.g. 50.00 or 35.50

The tick box indicates if the fee paid to the club already includes the England Athletics Registration fee. This makes it easier to administer this part of forwarding on the fees to England Athletics.

Next hit Save.

The new Membership type now shows on the screen.

It is important to hit Save Changes at the bottom of the screen otherwise it does not save your changes.

The membership type will then appear in the dropdown on the Add Member screen.

Q. Can I export information about my club?
A. You can export all or selected member information by clicking on “Options “(top right) and selecting “Export”.

Multiple members can be selected by ticking the check box on the left side of each member.

To export all members simply do not select any members
